FERNO

Canadian Ski Patrol & Ferno Partnership Catalogue

December 1, 2020 - February 28, 2021

	FC PART #	ITEM	DETAILS	PRICE
	275201 104	Model 201 Najo Lite no Pins, Red	The NAJO® Lite is our lightest backboard at just 14.5 lbs, with a central slot in the lower half to immobilize each leg separately. The Lite also has two handholds at the tapered end for more stable transport, and angled edges for easy log-rolling. Its strong, one-piece HDPE design is impervious to all bodily fluids, easy to decontaminate, and 100% x-ray translucent. The board is also buoyant and can be used to float a patient in the water.	\$223.78
	275201 204	Model 201 Najo Lite 10 Pins, Red	The NAJO® Lite is our lightest backboard at just 14.5 lbs, with a central slot in the lower half to immobilize each leg separately. The Lite also has two handholds at the tapered end for more stable transport, and angled edges for easy log-rolling. Its strong, one-piece HDPE design is impervious to all bodily fluids, easy to decontaminate, and 100% x-ray translucent. The board is also buoyant and can be used to float a patient in the water.	\$223.78
	010-8039	65 EXL Scoop Stretcher, Red without pins, includes 3 x 5' Model 430P restraints	Ferno's Scoop EXL Stretcher provides superior comfort and safety for patients who need spinal immobilization. It eliminates the need for log-roll maneuvers, greatly reducing cervical spine movement. Two hinged interlocking pieces let operators bring the two halves together under a patient and gently scoop the patient up. Made of X-ray translucent composite material. Includes three black restraints.	\$1267.84
	00065EXLRED	65EXL Scoop Stretcher, Red with pins, no restraints	Ferno's Scoop EXL Stretcher provides superior comfort and safety for patients who need spinal immobilization. It eliminates the need for log-roll maneuvers, greatly reducing cervical spine movement. Two hinged interlocking pieces let operators bring the two halves together under a patient and gently scoop the patient up. Made of X-ray translucent composite material. Includes three black restraints	\$1267.84

	FC PART #	ITEM	DETAILS	PRICE
	031-4010CF	773.5 Restr, 5ft 4", 2pc, Spd Clip, Black	Two-piece patient restraints made of nylon/polyester webbing with a quick-release, car seat belt-type coated metal buckle that resists rust and corrosion, or polypropylene webbing with a plastic buckle.	\$28.95 ea
	031-3273CF	73.7 Restr, 7ft 2pc, Spd Clip, Black		\$32.45 ea
	031-3916C	Model 770 Fastrap Quick Restraint System	Quickly secure patients to backboards and other devices with the Ferno Fastrap. This 10-point, six-strap system is sequentially colour-coded (black, red, yellow, green, and gray) and has nylon webbing with hook-and-loop closures at the strap ends for fast, easy use. Size adjusts from adult to pediatric. Compatible with Ferno Millennia and NAJO series backboards and Ferno scoop stretchers.	\$102.85
	031-3855-65EXL	Scoop Stretcher Head Immobilizer	The Universal Head Immobilizer is simple to use, lightweight, and easy to clean. It comes with two plastic-coated, closed-cell foam head supports, a universal attachment base, and two durable head straps. The base plate fits all Ferno backboards except the NAJO Sports Board. Head supports can be used on standard backboards or turned around for use on the Ferno Scoop Stretcher.	\$116.06
	LAER 980010	Stifneck Select, Adult	The Stifneck Select is adjustable, with one collar fitting a wide range of patient sizes from No-Neck to Tall. Secure locking mechanism. Molded directions for ease of use.	\$16.96

	FC PART #	ITEM	DETAILS	PRICE
	031-3676	125 Ferno KED Kendrick Extrication Device	The Original Ferno K.E.D. is perfect to immobilize and extricate patients from car accidents and other confined spaces. The wrap-around design has horizontal flexibility for ease of use and vertical rigidity for maximum spine, neck, and head support during extrication. The K.E.D. immobilizes the torso, head and neck for prompt extrication while minimizing risk of further injury. X-rays or advanced life support procedures can be performed with the K.E.D. in place. Includes wrap-around vest, Adjust a-Pad neck roll, two head straps, and a carrying case.	\$183.12
	037-4865	Ferno Model 192 Full Body Vacuum Mattress with Pillow and Pump	The Full-Body Vacuum Mattress immobilizes patients in a secure position while conforming to any body shape. With six carry handles, three patient restraints, and buckles for maximum security, the splint can be used as a stretcher. Includes removable contoured pillow and compact vacuum pump.	\$956.50
	082-2183	FernoTrac Model 441 Traction Splint Kit (includes both Adult and Pediatric Splints) ** each splint available separately**	FernoTrac Traction Splints provide mechanical traction to relieve pain and avoid further vascular and nerve damage for patients with suspected long bone fractures of the lower extremities. Length can be adjusted by loosening the knurled sleeves on each side of the tubular aluminum frame. Wide elastic support straps keep the injured leg in the splint frame to provide in-line mechanical traction. Simple, step-by-step instructions are sewn directly on the straps. Available in adult and pediatric sizes or as a kit. Includes carrying case.	\$1069.76
	TRA20-0030	Kigali 30 L Backpack, Red/Black	Originally designed for Ski Patrol. With three sizes to choose from, the Kigali are well suited to nearly any scenario. Each pack is similar in layout and has 2 external pockets with double elastic loops and pockets to organize small items. The large, top-opening main compartment has extra compartments for large dressings, hydration systems, etc., with enough space for a BVM, small blankets, dressings collars, etc. All Kigali packs have a built-in removable rain cover. Kigali 45 (45 litre) has a fully adjustable harness system with 2 aluminum stays. It also has a heavily padded waist belt and is designed for heavy loads. The main compartment's hydration pocket can instead be used to store a "D" size oxygen cylinder, with plenty of room left for other airway items. - 30L is available in Red/Black only.	\$ 103.63 SPECIAL OFFER

	TRA34-0010	Radio Chest Harness Single	Designed for anyone who needs to carry a radio and other accessories, whether in the mountains or the city. Made of 1000 denier Cordura fabric for durability, the fully adjustable suspension system has 2"-wide web shoulder straps for comfort. Its 1" elastic waist strap keeps harnesses securely against your chest during activities without limiting mobility, and its unique radio holster adjusts easily to fit any size of radio.	\$88.66

	FC PART #	ITEM	DETAILS	PRICE
	TRA34-0020	Radio Chest Harness Double	Designed for anyone who needs to carry a radio and other accessories, whether in the mountains or the city. Made of 1000 denier Cordura fabric for durability, the fully adjustable suspension system has 2"-wide web shoulder straps for comfort. Its 1" elastic waist strap keeps harnesses securely against your chest during activities without limiting mobility, and its unique radio holster adjusts easily to fit any size of radio.	\$110.44
	NOR PC-330	Ferno Radio Chest Harness	This classic design has long been a favorite of SAR teams and ski patrollers. The Rescue Radio Chest Harness carries a standard-size handheld radio on the user's chest, protecting the radio from impact and weather. No need to remove the radio from the harness—just press the talk button and speak. It even works under parkas and rain gear. The radio pocket adjusts to fit many radio sizes. The harness also has large zippered pockets to hold maps or notebooks and elastic loops for a pen and pen light.	\$39.71
